## **Re: Support for SB 172 regarding shellfish enhancement**

Dear Senator Giessel and Committee members,

United Fishermen of Alaska is the statewide commercial fishing trade association, representing 34 commercial fishing organizations participating in fisheries throughout the state and its offshore federal waters.

Although we include eight salmon aquaculture associations that will each be subject to the increase of their fee on new hatchery facilities to \$1000, we support SB 172 because of the broader need to help develop shellfish aquaculture beyond only producing broodstock. Another UFA member group represents shellfish dive fisheries and is actively working with the Alutiiq Pride Shellfish Hatchery to spawn sea cucumbers as a part of ongoing research into production of juveniles to support enhancement of wild sea cucumber populations.

UFA strongly supports Alaska's salmon enhancement programs that are carefully regulated to provide salmon for common property harvest by subsistence, sport and commercial fisheries without detriment to wild stocks. We believe the state can carefully develop opportunities for additional enhancement of shellfish, and passage of SB 172 will help in this effort.

Thank you for your consideration.
